THE EDITOR

Two young European sisters, Elizabeth and Diana, are caught in a civil war in East Africa.

They flee from their house with the help of a servant, but are betrayed by the servant and handed over to slave traders.

They are then obliged to walk through the burning desert, completely naked and in chains.

The trip becomes a nightmare of pain, sexual humiliation as abuse.

When they reach the village of Tan Raset they are auctioned off to the highest bidder.

The Emir Badul Mohadi, known to his people as the Dirty One, takes his new slaves to his palace and hands them over to giant Mandingo servant to be trained as sexual slaves...

The story up to this point is told in Slave Caravan in this collection (Fansadox Collection 54)
